

MY ENGAGEMENT NEEDS AND EXPECTATIONS

This resource has been developed by Safe and Equal and is informed by the **Family Violence Experts by Experience Framework**. Services will need to make their own determination as to the suitability of the information provided to their organisational context and adapt accordingly.

For information about ways in which Safe and Equal can support your organisation to embed lived experience in the design, delivery and evaluation of your services contact livedexperience@safeandequal.org.au

This form is designed to enable survivor advocates to set clear expectations to support safe and accessible engagements. It has been co-produced with the **Safe and Equal Expert Advisory Panel**, a panel of experienced survivor advocates with diverse backgrounds, expertise and perspectives. It can be completed by a survivor advocate and given to a service, or in partnership between the service and an advocate and used as a record of what was agreed.
